President's Message

Let me take this opportunity to wish everyone of our members a great summer.

Speaking of membership, our treasurer Rick VE3BK reports an outstanding renewal of memberships. We also gained new members and are now at 72.

As my 3 year term comes to a close, I am pleased with the accomplishments of our team! We have revived the Club and we are thriving. I am proud of how much we have done, membership is up, we are now compliant with the Provincial bylaws for Not for Profit Organizations, and are looking forward to the future. I appreciate the work of our Board to do all this work.

I am looking forward to seeing many of you at our FREE Club BBQ at the Binbrook Conservation Authority Pavilion #3 25th August 2024. (1:00pm to 3:00pm).

Lastly our Education team are planning amateur classes for September. Click the education banner on this newsletter.

Plans for the Ancaster Hamfest 28th September 2024 are well under way. Many of you have offered your services to assist with this event. Please welcome Peter VE3XLQ assuming the role of Event Coordinator this year.

Have a great summer and thanks for your time.

International Lighthouse Weekend:

A lot of clubs locally will participate in this event. It is not a contest, but a great way to contact ships and lighthouses around the world. For example the Elmira Club gathers at Point Clarke On to celebrate and they end up having a BBQ and fellowship.

International Lighthouse Weekend
17th -18th August 2024

Contest News VE3BK

CANADA DAY JULY 1ST

This came right after our Field Day, but VE3DC was on the air again. Not as many contacts this year so no Certificate but we had fun doing it just the same.

SPECIAL EVENT BUFFALO NINE

CALLSIGN: CF3BUFH
 LOCATION: RADIO ROOM VA3CWM CWHM
 CLUB: HARC & CWHM
 ADDRESS: CWHM HAMILTON AIRPORT VA3CWM
 OPERATORS: VA3FMB VA3JHD VE3BK VE3GHQ VE3JUB VE3JXQ VE3TWG VE3QEE
 We did the Special Event for 2 days August 9th and 10th. Everyone had a turn at the radio but there was many visitors, especially on the Saturday, with a special tour of the Buffalo and a Speakers Panel giving a talk on that day. Band conditions were not the best and we are still waiting on getting some antennas fixed up, but it was still fun working the radio. 73 Rick VE3BK
