President's message

The club was honoured to receive an extensive write up in the RAC TCA Nov-Dec 21 edition. Considering the reach of this publication it is evident that our new executive and their efforts to bolster the club are paying off. Please click the banner below for the full article.

Membership numbers continue to grow. You are reminded that your support provides VHF/UHF repeaters, associated site rentals and on going monthly expenses.

Our Christmas Party at the Royal Hamilton Yacht Club is booking nicely with a delicious all the trimmings turkey and complimentary beverage. Click the banner for all the details and how to book your ticket.

Our November 17th, 2021 ZOOM meeting features Barry VE3ISX and his Remote HF presentation. This is the system that Mardy and Rick use on behalf of the War Plane Museum for the last few years. Hope to see you there!

The club VHF/UHF repeaters are fully operational. Contact Rick BK with concerns.

Lastly, our new www.hamiltonarc.com Website is fully operational. Check it out!

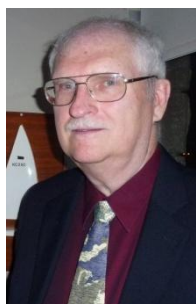

Thank you for your time...73 and 88

Contesting 2021

We are running an Aggregate Club Station. So this means we operate from home with your own call, then please send me your logs.

I will send them in so the HARC gets a total Club score. Contester who use Writelog (the one our Contest Group uses) are the preferred log

but any file you can email me that I can read (say Text) will be OK.

This contest is the one we work people all over the World, Hams go to small Islands and remote vacation spots, just for this contest.

The whole idea is to have fun on the air. We are not out to win anything, just have fun on the radio.

So have fun, and send me your logs at ve3bk@hamiltonarc.com/

R.A.C. Winter Contest 2021

It is a 24 hour contest that starts at 0:00 UTC to 23:59 UTC December 18, 2021. That means that because of the time difference with the 5 hour difference now for the Winter months, this actually means that we start at 7 pm local time on Friday, December 17 and go till 6:59 local time on Saturday, December 18, 2018.

This is another one of those fun contests where you get to see what the weather is like in British Columbia and Newfoundland as well as wish your fellow Canadians "Merry Christmas and Happy New Year" (or Happy Holidays if you prefer), a great contest. So let me know if you can operate a station from at home. We will be running a distributed station again this year, meaning that I coordinate from my place to make sure we are on different bands or different modes (to be legal) and all of us will be using the Club Call of VE3DC. You are more than welcome to give "Contesting" a try. If you can't operate a your station with us as VE3DC, you could always work one of us from home, to give us more points for our log.

We will be using the Club Call sign VE3DC, from each of our homes as a distributed station. Also for this contest, all Canadians are worth 10 points, RAC stations 20 points, so lets see if we can finish 2021 off with a

bang and make this another good one for VE3DC. Hope to see you all contesting.

Mardy VE3QEE and Parker VA3WPS working past Canada Winter Contest.

My email is ve3bk@hamiltonarc.com
CU all in the contest
