President's Message

I am pleased to announce our **successful Ancaster Hamfest 2023 that took place 30th September 2023.** The club enjoyed beautiful weather, and attendance was well over 275 through the gate. Plenty of Super Prize winners with ICOM Canada donating a VHF portable, Degen Designs, Radioworld, and Mario Tube Man with major awards.

Congratulations to our 50/50 cash winner Pat Danby.

More important was the setup and take down crew for the event.

Lastly, thanks to Barry VE3ISX for heading up the Hamfest. The club enjoyed some well deserved new revenue.

Jess Sawadski VA3JES won the FREE membership for 2024.

Our 26th Sept 2023 IN PERSON/ZOOM meeting was a huge success with Peter VE3XLQ presenting the club's plan to introduce ALLStar protocol to our repeater systems. Equipment is almost here for the upgrade and we look forward to enjoying the new modes.

Our membership is growing each month with new additions....currently 65 members.

Happy Thanksgiving from your club.

**As VP, I am hoping that members of the H.A.R.C. will step up to the plate and help the existing committee members with backup assistance to move the club forward now and future events. Your consideration would be greatly appreciated. More information to follow about Nobel Skywave (Military/Hams) will be available soon. Thank you in advance for your assistance in this matter. 73
